Independence Day 2024

Our minds turn to liberty, freedom, independence...values planted deeply into our American soul... values which we believe are responsible for the success, prosperity and peace we have known...values which we American Christians promote, celebrate and believe in...**as a nation under God.**

Faith in free-floating values will only get us so far and will eventually begin to work against us. However, Faith in the Living God will get us to the other side—sowing that Faith, and the treasured values it engenders, along the way.

*Reason unstrings the harp to see
Wherein the music dwells;
Faith pours a Hallelujah song,
And heavenly rapture swells.
While Reason strives to count the drops
That lave our narrow strand,
Faith launches o'er the mighty deep
To seek a better land.*

F. R. Havergal

Our diocesan synod is scheduled for October 17-18, 2024, hosted by Trinity Church, Mason, Ohio. You will be receiving registration information soon. As you know, we will be electing a bishop coadjutor for our diocese. The Diocesan Standing Committee is in the process of preparing for the election and assembling a list of nominees. All has gone smoothly so far; please keep the entire process in your prayers. Since we will be conducting an election, I anticipate full participation from each parish. Dss. Michelle Caldwell is leading our synod planning committee; it would be helpful for them to obtain an estimate of how many people are planning to attend this year's synod in order to finalize meeting venues before sending out registration forms.
